Coming to the Front.

A representative of this paper was very much surprised yesterday on going by No. 85 Canal street, the pleasant location of the Buffalo Clothing company. Every thing in front looked so neat and attractive that we stopped to investigate. They had just finished trimming their large show windows, and must say a more neat and attractive display of spring and summer suits cannot be found in the city. On going inside we were astonished to find so well arranged salesroom. Everything in apple pie order, so neat and tasty and with an air of enterprise and business pervading the whole store that business pervading the whole store that is truly refreshing. On approaching the proprietor of this growing touse we were shown through the finest selected stock of men's and boys' clothing, gent's furnishing goods, hats, caps, trunks and traveling bags, that we trunks and traveling bags, that we ever saw. This stock is fresh, neat and clean, and are the latest styles. Mr. clean, and are the latest styles. Mr. Blumenfeld had just returned from the east, where he bought very largely for spot cash and at a great discount a large invoice of the very latest novelties in frock and sack suits

never before shown in this market, which are perfect dreams of beauty. We were informed that they pro-posed to make a great sale of those goods from now until after the Fourth of July as they do not propose to carry over any goods. Their prices are ridic-ulously low on every thing and any one who contemplates buying a suit of clothes, it will pay them to look over the house before buying, and those who want custom made garments will find as nice a merchant tailoring department as can be found anywhere in the city, with a splendid assortment of piece goods to select from and with prices within the reach of all. Don't forget the number, 85 Canal street.
